

## Our Vision of Success

Bradley's success derives from the ingenuity, intelligence, values, skills, and diverse perspectives of our people. At Bradley, maintaining a working environment that is rewarding, respectful, collegial, diverse, and inclusive is one of our core values. Upholding that core value is a source of strength for our firm and is critical to delivering high-quality legal services to our clients. To that end, our objective is to attract, retain, and promote into leadership roles individuals who foster inclusion and reflect the diversity we value. Bradley is committed to a work environment in which our people thrive and reach their full professional potential regardless of age, disability, ethnicity, gender identity or expression, marital status, national origin, parental status, race, religion, sexual orientation, veteran status, and/or socio-economic status.
