PRESENTED BY

MAY 4, 2010

LOCATION: SHERATON BIRMINGHAM, 2101 RICHARD ARRINGTON, JR. BLVD.

Meaningful use—what's next?

What innovations are patients and caregivers demanding next?

Will my current efforts keep me on pace?

How does it impact our strategy?

How can I afford this today before the incentives of tomorrow?

How can I get ahead of the curve?

**Please join HIMSS® Alabama, TechBirmingham, and health care leaders from around Alabama and the Southeast to address one of the most important goals of our generation—improving healthcare.**
