## Emerging Growth Roundtable Series: Developing An Exit Strategy

While many entrepreneurs are familiar with the struggle of launching and building their businesses, one concept - **the exit strategy** - is often overlooked. Planning for an exit is easy to ignore, especially in the early days. Yet, it has huge implications on the way the business is developed and operated, from the beginning, not just at the end. Both business owners and investors want a return on their investments and that's where an exit strategy comes in.

**Join the NTC and industry experts on February 28th at 5:00 p.m. for a Developing an Exit Strategy Round Table hosted by Bradley Arant Boult Cummings LLP.**

**Topics to be discussed include:** planning the exit strategy at formation; the pros and cons of the common types of exit strategies (lifestyle companies, liquidation, acquisitions, and IPOs); and the acquisition and liquidation processes. You will hear from experts such as corporate, IPO, M & A and bankruptcy attorneys, investors and a company that recently executed on their exit strategy, and be able to discuss your questions with them.

**DATE:** February 28, 2012

**TIME:** 5 pm to 7 pm

**LOCATION:** **Bradley Arant Boult Cummings LLP**  
1600 Division Street  
Suite 700  
Nashville, TN 37203

The event will be held on the 7th floor
