WHY BRADLEY

Our attorneys set us apart from other law firms. From independent client service surveys and legal ranking organizations — such as *The Best Lawyers in America*® and *Chambers USA* — to our Fellows in the American Colleges, the percentages and relative number of our lawyers recognized are among the highest in the nation.

We understand that the legal industry is extraordinarily competitive, and we know our clients have a wide choice of legal counsel. We believe the quality of our work, the character of our people, and the collaboration in our culture will continue to drive our clients' growth and success.

MEETING CLIENT EXPECTATIONS

Delivering superior client service is at the heart of our firm's core values and integral long-term strategic plan. Our ongoing goal is to exceed client expectations and differentiate our law firm in the area of service, while delivering the highest quality legal counsel at an exceptional value.

Our clients' opinions are of the utmost importance. We have made a significant investment of time and resources to better understand our clients' expectations and their definition of excellent service. Attorneys and staff alike have participated in firm-wide service training programs. We have collectively identified our Client Service Best Practices, and we regularly share ideas on how those best practices can be applied to all our client interactions.

INTERNATIONAL, NATIONAL & REGIONAL EXPERIENCE

At Bradley, we have the experience to handle the most challenging legal issues faced across a broad range of industries. We meet those challenges through a relentless focus on our clients' best interests coupled with an enduring commitment to helping them find the most efficient and effective legal solutions to meet their business needs.

Our lawyers have substantial courtroom experience in jurisdictions across the country and beyond. We understand that our clients' business success is at stake during trial, so we offer clients the confidence of knowing that their critical matters are in the hands of accomplished attorneys. We draw upon our collective experience handling litigation matters in a wide range of international, national and regional venues to provide strategic, creative legal counsel focused on maintaining our clients' competitiveness and success.

Whether our transactional attorneys are helping clients acquire real property, raise capital, comply with regulatory requirements, obtain and defend intellectual property rights, merge or divest businesses, or enter new markets, we treat their goals as our own. We frequently employ a multidisciplinary approach, assembling a team of legal professionals skilled in divergent practice areas to evaluate every angle and provide comprehensive solutions tailored specifically to our clients' needs.

INVESTMENT IN OUR COMMUNITIES

COMMUNITY INVOLVEMENT

At Bradley, we are committed to making a positive impact on the communities where we live and work. This commitment is expressly included in the firm's core values statement. We have a long history of supporting charitable, educational, and civic organizations that serve the community and the underprivileged in the areas of education, healthcare, medical research, poverty relief, homelessness, and the arts. The firm's attorneys and staff make significant contributions — through fundraising and volunteer hours — to help those in need and make our communities better.

HELP FOR THOSE WITHOUT LEGAL REPRESENTATION

At Bradley, we are forceful proponents of the ethical obligation to help address unmet legal needs of indigent individuals and charitable institutions. Pro bono work is a vital element of our long and distinguished commitment to the communities where our lawyers live and practice. As such, the firm has adopted a Pro Bono Policy to encourage all the firm's lawyers to volunteer legal services and to provide formal administrative support for our pro bono work. Our pro bono service includes representation of indigent individuals and non-profit organizations, as well as involvement in matters of broad public concern.

Among the many areas where our pro bono program supports people and groups in need of legal representation are death penalty cases, adoptions, evictions, human rights, privacy rights, prisoner rights, services for people in recovery from addiction, representation of start-up charitable non-profits, and intellectual property work for low-income inventors, artists, and entertainers.

INCLUSION & DIVERSITY

OUR VISION OF SUCCESS

Bradley's success derives from the ingenuity, intelligence, values, skills, and diverse perspectives of our people. At Bradley, maintaining a working environment that is rewarding, respectful, collegial, diverse, and inclusive is one of our core values. Upholding that core value is a source of strength for our firm and is critical to delivering high-quality legal services to our clients. To that end, our objective is to attract, retain, and promote into leadership roles individuals who foster inclusion and reflect the diversity we value. Bradley is committed to a work environment in which our people thrive and reach their full professional potential regardless of age, race, ethnicity, national origin, religion, sexual orientation, gender identity and expression, marital status, parental status, physical or mental disability, veteran status, and/or socio-economic status.
